MCA Selects Brad Penneau as National Director of Safety

MCA has hired Brad Penneau as National Director of Safety, effective October 10, 2005.

Penneau brings over 20 years of experience in the fields of driver safety, compliance and risk management to MCA and is a Certified Director of Safety. Most recently, he was Senior Safety Specialist with Northern Environmental Technologies, where he provided numerous motor carrier clients with safety, risk management and accident and injury prevention programs and solutions. He also served as a Senior Safety Consultant for J.J. Keller and conducted on-site training sessions and public seminars on all aspects of safety, compliance, and risk management. Penneau authored several manuals on industry best practice safety, training and regulatory compliance and was the lead editor for Keller's monthly newsletters "Transportation Management Today" and "The Transport Security Advisor."

In addition to his years with Northern Environmental Technologies and JJ Keller, Penneau served in safety management with Schneider National, ConAgra Foods and Boncosky Logistics.
