“New Kansas City Terminal Manager Announced”

Vice President of Operations Steven Crossken announced today the placement of Dave Gastl as Kansas City Terminal Manager.

Gastl comes to MCA from Gainey Transportation Services where he rose through the ranks from over-the-road driver to positions in Safety, Recruiting, Operations and Sales to his ultimate role as Midwest Regional Manager. Gastl played a key role in Gainey’s expansion and business development in the Kansas City market. He is expected to make a similar impact in our Kansas City terminal.
