MCA Announces 2005 Mechanic of the Year

MCA announced today that Kansas City, Kansas, mechanic Billy Roberts has been awarded the “Mechanic of the Year” for 2005.

Roberts played a key role in the implementation of the Transman maintenance management system in MCA’s Kansas City shop. His willingness to go beyond the call of duty sets a benchmark for others to achieve. His dedication and quality performance were key contributors toward the Kansas City terminal’s success as one the top shops in the MCA system for 2005.

Roberts has worked for MCA since acquisition of Thompson Brothers in 1998 and had previously served as the Thompson Brothers Shop Manager. He is an integral part of the Kansas City maintenance team and a valuable asset to MCA.

The “Mechanic of the Year” was selected by a committee consisting of the Home Office Maintenance Department and Chief Accounting Officer. Award criteria was based on professionalism, leadership, positive attitude and initiative.
